

The Woolshed

The iconic Woolshed is the jewel in Strathnairn's crown. Sitting at the southern end of the block, with north facing views over the facility, the Woolshed is booked for its rustic charm and weathered patina – corrugated iron sheets, worn timber floorboards and the nooks and crannies showcase remnants of its previous life as a working shed.

As Strathnairn Arts is an arts facility, our exhibitions take precedence over event bookings. The exhibition program is usually finalised by the end of September each year and availability can be viewed online at strathnairn.com.au/venue-hire
